

SERVICE ANIMAL POLICY

Cascade Eye & Skin Centers, P.C. is committed to providing individuals with disabilities full and equal access to services and treatment. Service animals are permitted in all areas of Cascade Eye & Skin Centers that are open to the public, including most patient areas, provided the service animal does not pose a direct threat or fundamentally alter business operations or procedures. A service animal is a dog or miniature horse that is individually trained to do work or perform tasks for a disabled person. Dogs or other animals that solely provide companionship, comfort, and emotional support are not service animals under the Americans with Disabilities Act (ADA) and Washington State Law.
